

4EU+ Educational Project Proposal

Project title *

Project acronym *

Acronym or shortened project title

Leading university *

Please select partner universities (min. 2 partners) *

- Charles University (CU)
- Heidelberg University (HU)
- Sorbonne University (SU)
- University of Copenhagen (UCPH)
- University of Milan (UNIMI)
- University of Warsaw (UW)

Project Coordinator (PI) *

First Name Family Name

Position and department/faculty *

E-mail address *

example@example.com

Flagship *

Academic fields. Please list 1 or more academic fields that your project embraces *

Target group-level of education the project aims at (feel free to select more than one option) *

BA

MA

PhD

Does your project involve cooperation with 4EU+ Associated Partners and/or other external partners? *

yes

no

Please list them below:

Timeframe* of the project *

*The indicated period will be considered both as the implementation period and the funding period for your project. Please note that as the funding period of the Erasmus+ "European Universities" project ends on 31 October 2022, your project has to close by 30 September 2022, preferably earlier (May/June 2022).

Have you been involved in any other 4EU+ joint educational project (as coordinator or team member), funded by the EU, national or institutional sources (e.g. mini-grants)? *

yes

no

Please indicate the title of the project proposal and whether it received funding in the first call:

Project description. Please describe the planned activities, main educational outcomes, and how you are going to achieve sustainability of project team's cooperation in a long-term perspective. *

Word count0/300

Timeline of the planned activities and project milestones *

Word count0/200

Success indicators. How do you plan to measure the success of your project? *

Word count0/200

Pedagogical approach. In what way is your pedagogical approach innovative? For reference, see the supporting documents "4EU+ Education Framework: examples of good practices in teaching and learning" on the 4EU+ website [link will follow] *

Word count0/250

Which of the 4EU+ shared competencies – multilingualism, data literacy, critical thinking, entrepreneurship, societal engagement – will be addressed in your project and how? *

Word count0/200

Involvement of students. How will students be involved in designing and implementing the educational activity? *

Word count0/200

Scope of educational project *

Event (usually a 2-14-day event with classes during the day, e.g. summer/winter school, student conference, workshop)

Course (course with an online, blended or face-to-face design, taking place on a regular basis during the semester)

Module (more than one course or other educational activity grouped in an issue-specific or thematic section, e.g. a semester course and a summer school)

Micro-degree or other partial programme

Joint Study Programme (entire programme co-designed and accredited)

Please indicate the study level of the educational activity:

BA

MA

PhD

Please indicate the study level of the educational activity:

BA

MA

PhD

Teaching formats *

Summer/winter school

Conference

Workshop

Seminar

Lecture

Lab internship/practical course/field course

Blended course

Online course

Colloquium/Thesis presentation

MOOC

Tutorial

Physical mobility. Are you planning any short-term < 90 days mobilities? *

yes

no

How many students do you envisage to involve?

How many academic teachers do you envisage to involve?

Physical mobility. Are you planning any long-term >90 days mobilities? *

yes

no

How many students do you envisage to involve (per academic year)?

How many academic teachers do you envisage to involve (per academic year)?

Please explain how you plan to alter the format of your planned face-to-face activities in case physical mobility is not possible due to COVID-19 restrictions

Word count0/150

Virtual mobility. Are you planning to carry out online or blended activities (e.g. online courses)?

What counts as virtual mobility: Students – Participation in lectures, workshops, short courses, semester courses, joint classrooms, summer and winter schools, workshops etc. that are conducted online. / Academic staff – virtual teaching, online conferences and meetings, workshops, training, block seminars, short courses, guest lectures etc. *

yes

no

How many students do you envisage to involve?

How many academic teachers do you envisage to involve?

Please describe below the tools that you plan to use for planned virtual activities (e.g. e-learning platform, website, cloud). Please specify whether you are planning to develop a new virtual solution/tool or you are going to use a tool already in place (Learning Management System at your university, platform available in Open Access/via license etc.)

Word count0/150

Please describe the process of selecting the students to participate in your educational activities (e.g. students will register for courses, students will be selected based on submitted applications, etc.) *

Word count0/150

Total number of students that are going to take part in the planned educational activities *

Approximately, per level of studies/per partner university/per academic year e.g. 20 BA students and 10 MA students from SU in the academic year 2021/2022

How many ECTS are you planning to grant, if any? Have they been pre-approved or discussed at partner universities? *

Budget

Please refer to the Financial Guidelines document for project coordinators.

Have you or are you planning to apply for external funding to increase the funding for your project? *

yes

no

Privacy note *

I hereby declare that in the event of being awarded funding, I give my consent to including my personal data (first and last name, academic title, faculty affiliation, e-mail) in the lists of awarded projects on 4EU+ website and the websites of 4EU+ member universities.

Please indicate the source of funding or external funding agency:

Partners declaration *

Each partner is aware of and agrees to participate in the proposed project. Each partner was consulted during the process of preparing the application and accepted both the proposal's content and the budget plan.
