

How to fill out this course description form

What courses do I include?

You must include the descriptions of courses and projects relevant to the MSc/MA programme you are applying for (only the courses and projects you have included in your self-assessment form).

If you include courses or projects that are yet to be completed, please indicate this by writing 'not yet completed' after the course/subject title and write the date you expect to complete the course/project in 'Date of completion'.

What should the course description include?

The course descriptions must include:

- the title of the course
- all topics covered in the course
- the date of completion
- hours of lectures OR credits (e.g., ECTS)

What if I do not know the specific date of completion?

If you do not have the specific date, please write the approximate time you have completed the course or project e.g., the semester or year.

What language should the course descriptions be in?

The course descriptions must be in English or a Scandinavian language (Danish, Swedish or Norwegian). We accept course descriptions translated by you.

The course description form must be saved as a PDF and uploaded to your application in the Application Portal. Please save the file with the following title: [Your name]_Course_Descriptions
